

The time is half past **11**.

The time is half past **2**.

The time is half past **6**.

The time is half past **12**.

Alfie has drawn the hour hand and the minute hand the wrong way round on questions two, six, seven and nine.

Alfie's appointment is at half past eleven. This is the only time to half past that is later than ten o'clock.

Fred might be meeting his mum at half past two, half past three, half past four or half past five.

Accept any sensible clues that children give to let Fred know exactly when to meet her. For example: the hour hand was between the two and the three.
