

See the dice magic in action!

Roll a dice and see what number you land on.

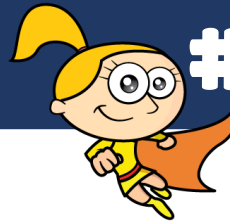

How many spots are on the top?

What number will be on the bottom of the dice?

Remember that the numbers on the top and the bottom of the dice
add together to make 7!

You could use the ten frame on the next page to help you.

Here is a ten frame.

You could use this to help you to work out how many spots will be on the bottom of the dice.
