Hill Fold

(Fold Down)

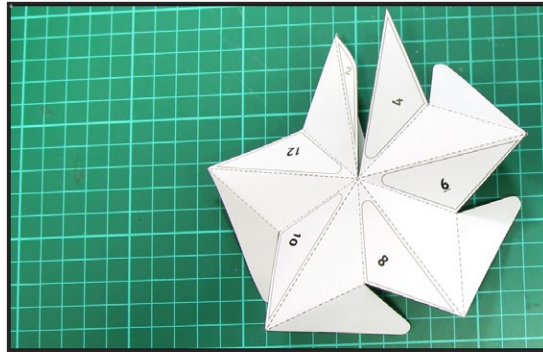

1. Carefully cut around the star template, making sure to **cut along** the _____ lines to create two separate templates.

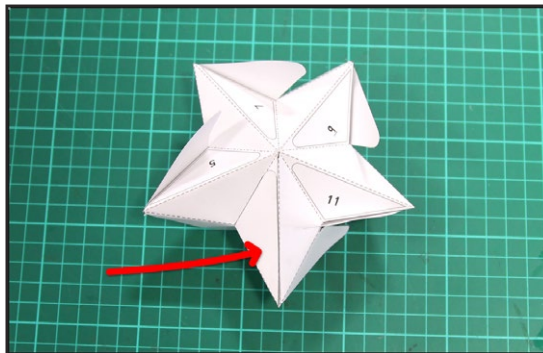

2. Find all the ----- lines on the star and **fold down** neatly along the dotted line.
3. Add some glue to tab 1 and glue behind triangle number 3.

4. Then, add glue to tab 2 and glue behind triangle number 4.

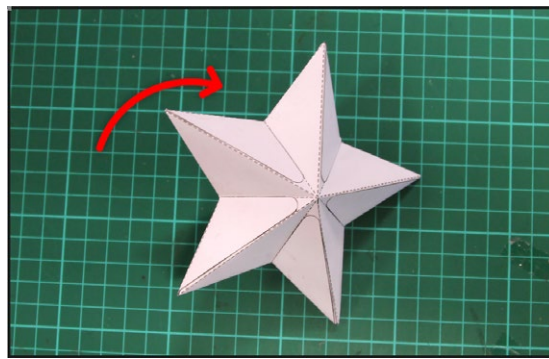

5. Next, fold all the blank tabs inwards.
6. After that, place the two star templates back to back with the design on the outside.
7. Then, add glue to triangle number 3 and lift the blank tab behind to neatly stick to triangle number 3.

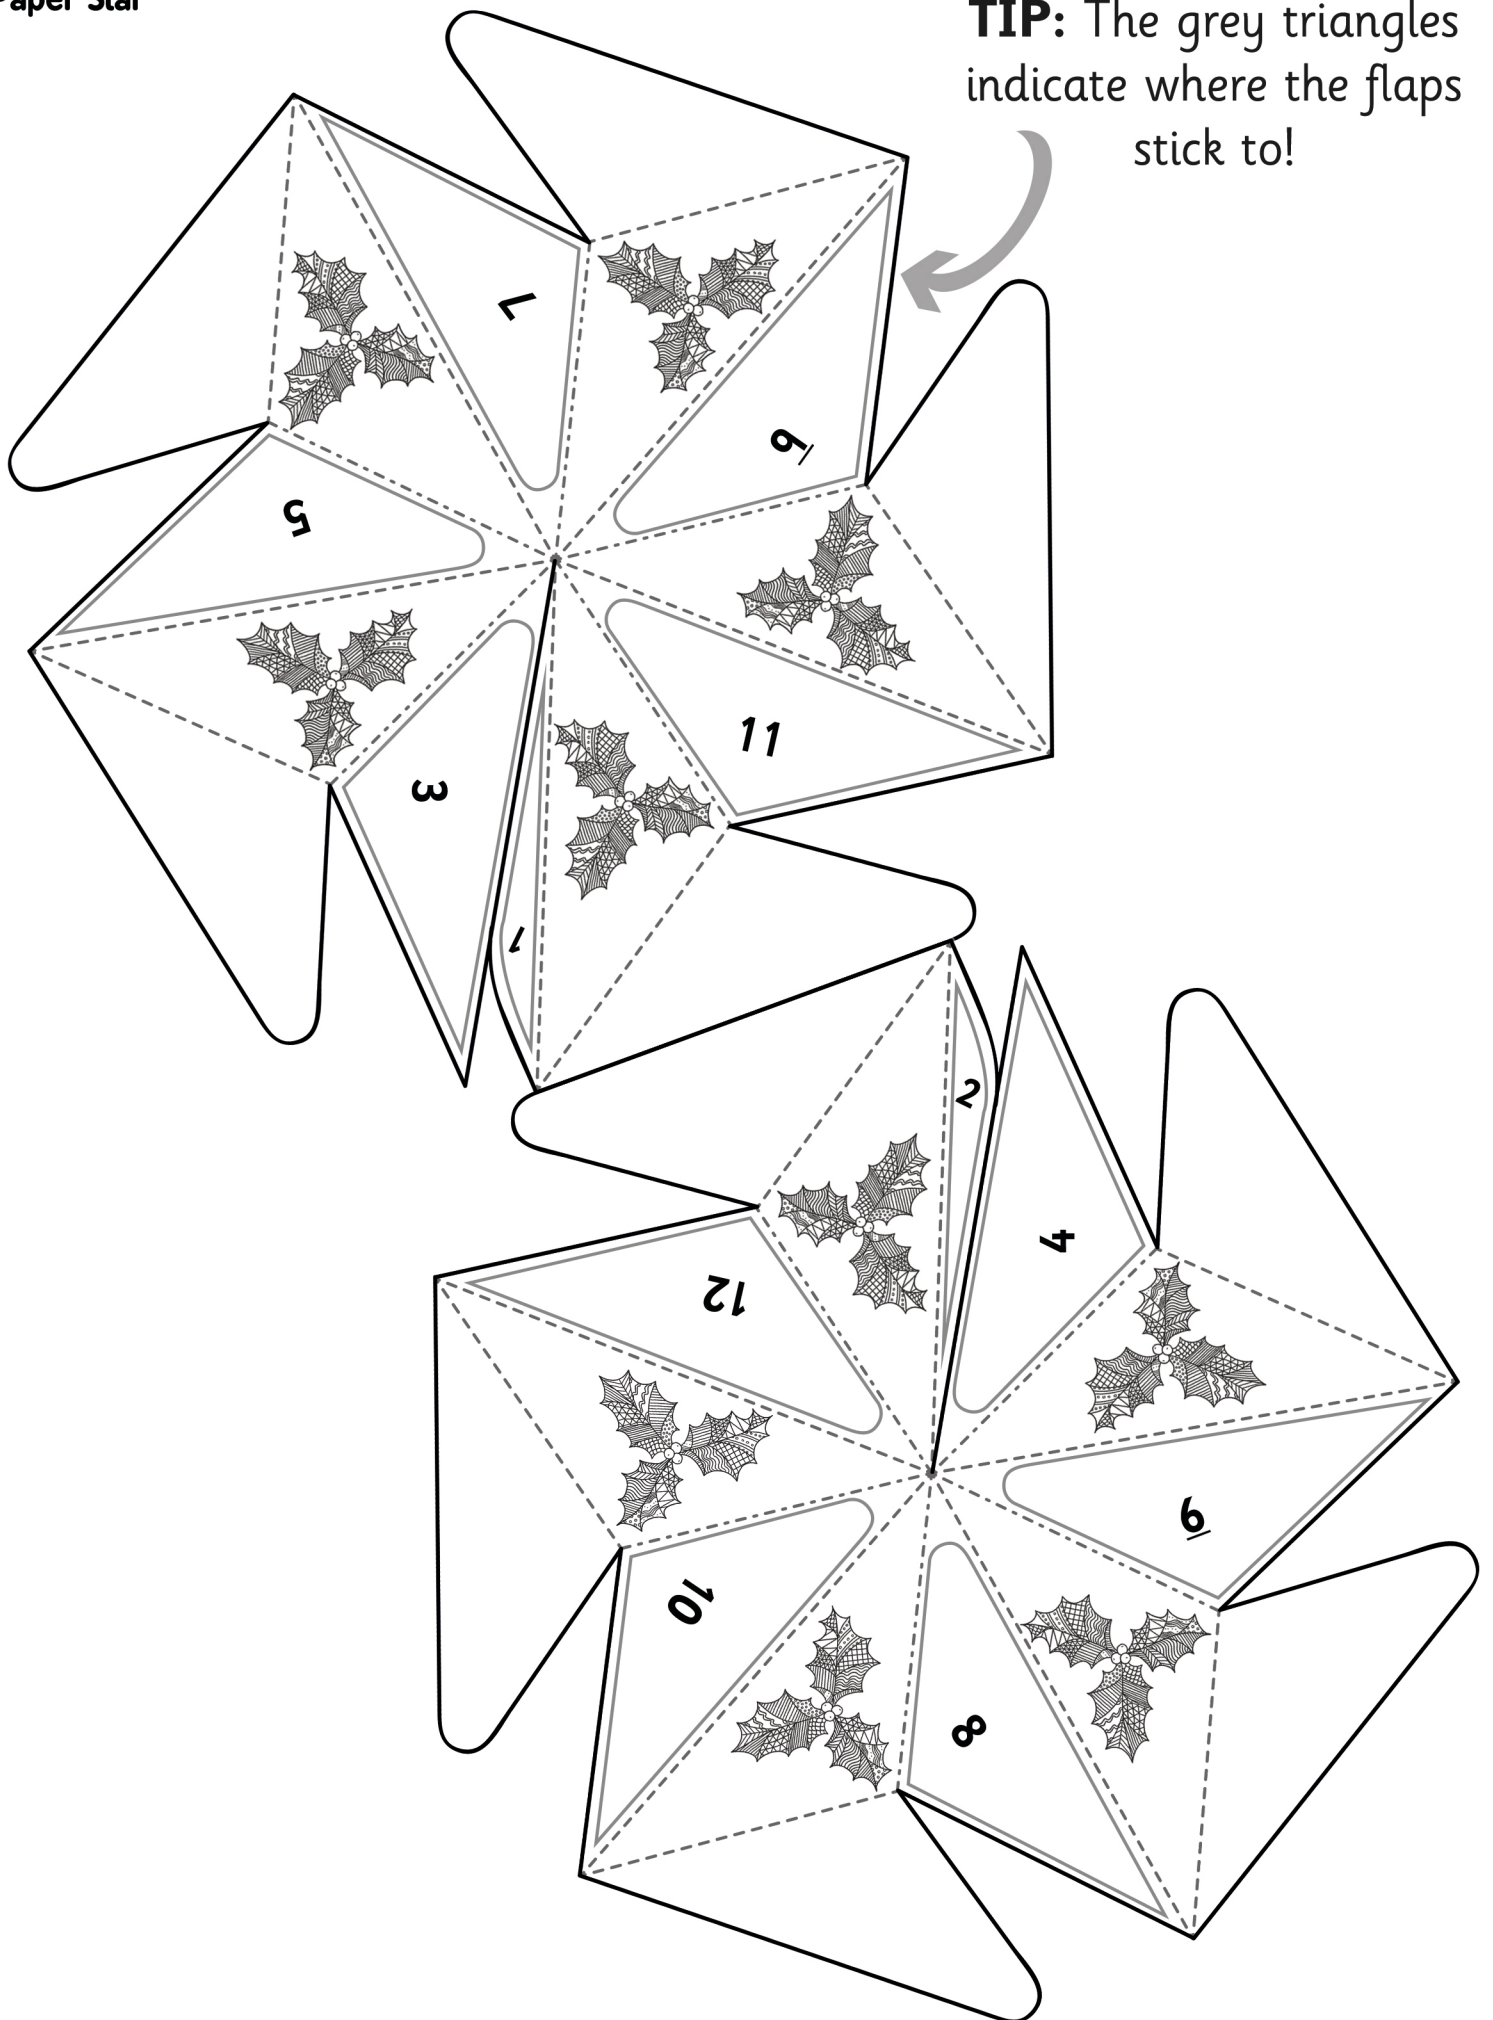

8. Turn the star over to see triangle number 4.
9. Then, add glue to triangle number 4 and lift the blank tab behind to neatly stick to triangle number 4.

10. Turn the star over to see triangle number 11.
11. After that, add glue to triangle number 11 and lift the blank tab behind to neatly stick to triangle number 11.
12. Repeat above steps going around the star, gluing each numbered triangle (the numbers are not in order) and ending with triangle number 12.

13. Holding 2 of the star points, squeeze the decoration inwards so the craft can form shape.
14. Finally, attach string or tape to the back of the star and hang as a decoration.
