Can I explore and infer a character's emotions?

**We are going to re-read
Chapters 17 and 18.**

Page 65.

**Pay attention to the different
experiences of Bradley and Jeff
in this chapter.**

Bradley's experience in Ch 17-18

Jeff's experience in Ch 17-18

You are going to write a diary entry for the end of the day for **either** Bradley or Jeff. Imagine how they are feeling and how they might view their day. What happened, what did they think about it and how might they resolve to go about the next day?
