

This what I already know about animals living in our world

They live in the forest, jungle, foxes live in the woods. Horses' eat hay, Kangaroo's live in Australia. Zebras have stripes. Some animals around the world are really dangerous. Some animals like the warm and some like the cold. Sheep. Some are wild and some are pets. Some are friendly. Some countries have certain animals - some live on land and some live in the sea. Bears in Canada. Crocodiles live on the land and in water. Koala bears live in trees and foxes live in lairs / dens. Sharks bite people. Giraffes eat plants. Polar bears live in the cold. Sloths hang on trees. Some animals live in the wild - they are dangerous. Some people kill wild animals. Elephants live in the forest - they squirt out water. Elephants have trunks. Monkeys like bananas. Rabbits can jump high. Dolphins are clever.

The questions I would like to ask and explore about animals living in our world:

Do they eat the same i.e. foxes in England and foxes in America? Why do zebras have stripes, what is in a shark's tummy? Why do foxes have fur? Where do bears live? What is a firefly? What do animals like to eat? Why are some like dogs, so scary? Why do lions roar? Why do lions have manes? Why do wolves howl at the moon? What do whales and bears eat? What animals are endangered? What can we do to help them? Why are arctic foxes white? Have people discovered all the animals? Which animals live in which countries? Where the polar bears live - what do they eat? Different bears - where do they live and what do they eat? In what party of the world would you find whales? Where do monkeys come from? What animals don't live in our world and why? Are there sharks in England? What do Hippo's eat? How do birds fly? Where do monkeys live? Where do Rhino's live? How do elephants eat? Why do monkeys swing in the trees?

I would like to role play about animals living in our world:

I would like to be a roar so I can scare everyone. Be a superhero zebra. Dress up in animal costumes. Fetching a stick. What noises do animals make? Pretend to be a sea animal like a shark. Create a jungle tour. Dress like animals. I would like to be a gazelle. A farmyard and the animals in it.

I would like to investigate and explore about animals living in our world

Where do animals sleep, why are some animals that are the same different sizes? Zebra's and lions. What do animals like to eat? Where do animals sleep? Horse. Animal bodies. Why some animals live in certain places. Which animals are vegan? What are all the colours different animals can be? Pictures of animals in their natural habitat. Do all animals have hearts? Desert animals. How fast can a zebra run? How do whales dive? How dangerous are crocodiles? Why are their teeth so sharp?

I would like to visit or meet in relation to animals living in our world

Meet a hedgehog, A zoo, France. A farm with ducks, to see a tiger. Meet a red fox. A pond to see some fish. Safari, zoo, aquarium, animal sanctuary. Africa - to see the nest of a bald eagle.

Reception: Spring Term Part 2

30 Days Around the World...

Thank you for your feedback forms here are your ideas - I think it will be a very exciting topic!

I would like to share or bring in related to our topic:

You can't take an elephant on a bus book. Share what I saw at London Zoo. Buddy the rabbit. Animal toy collection, all around the world puzzle. Book on monkey faces, animal masks.

I would like to make related to animals living in our world:

Animal masks, stick different animals on a map. Make clay animals, animal cards. A tiger mask or a whole tiger. Make a bear, fox, and a map showing where animals live. A bird feeder, different animal masks. An animal habitat. Monkey puppets / sock monkeys. Make a submarine to see the fish under water. Paper giraffes, paper zebra's lion masks. A model; elephant. A monkey.

My other BIG ideas are: I would like to make a crocodile. Make a big map on the world and have stick on animals. How does the hearing system work for humans - how our ears work? Watch documentaries about animals - David Attenborough. Go and see the seal in the River Adur. Make Gruffalo type foods.
