

RULES FOR USING THE INTERNET SAFELY

BE CAREFUL WHAT YOU SHARE ONLINE

Never post personal information online, like your address or telephone number.

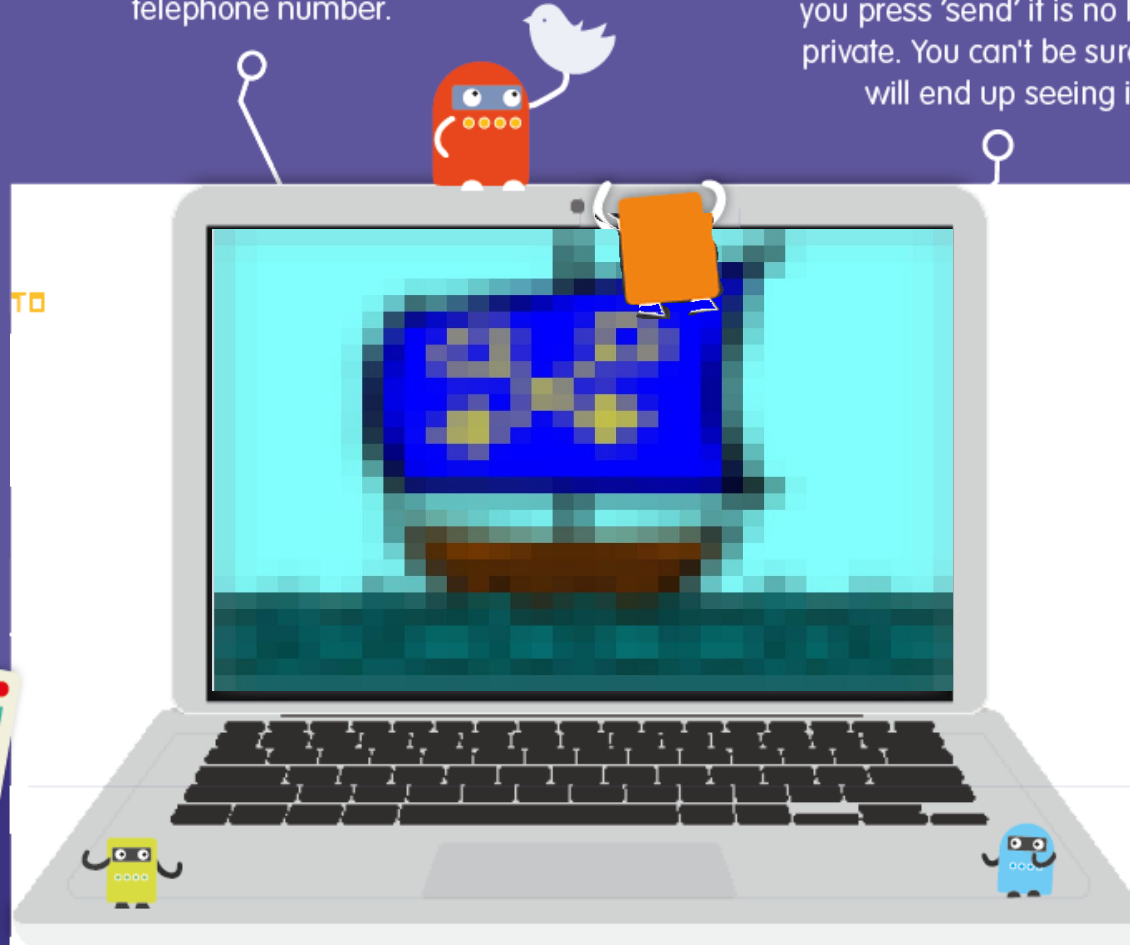

THINK BEFORE YOU POST

Don't upload or share anything you wouldn't want your parents, teachers or friends to see. Once you press 'send' it is no longer private. You can't be sure who will end up seeing it.

BE CAREFUL WHO YOU CHAT TO

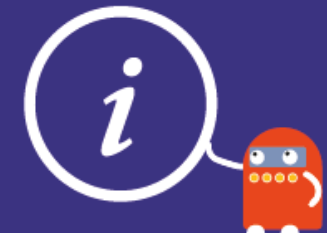

Remember that not everyone online is who they say they are.
Never go alone to meet someone you have met online.
Always take an adult.

KEEP IT PRIVATE

Always remember to keep your passwords private and make them difficult for other people to guess.
